

# Coming Alive Again

© Will Stanley 2018

Gmaj7 Am D  
Every day seemed cold and dark

Gmaj7 Am D  
My life seemed to have lost its spark

Am Em  
I almost felt like my soul was dead

Am Em D  
And my heart, filled with dread

Gmaj7 Am D  
You appeared a vision from the mist

Gmaj7 Am D  
Instantly I knew what I had missed

Am Em  
So now I'm trying to formulate

Am Em  
The emotions you create

Bm Am Abm Bm Abm Bm Bbm Bm  
And I love you.....Yes I love you....I truly do....Cuz you make me sense

D G B G D  
That I'm coming alive again.

I tried to do it all by myself  
To reconstruct my mental health  
But instead of improving things  
I just increased my mood swings

That's why you constantly hear me say  
That your presence has saved the day  
You made sure my head was screwed on straight  
As you relieved this crushing weight

And I love you.....Yes I love you....I truly do....Cuz you make me sense  
That I'm coming alive again.

B Em D Em  
Some say that life is nothing but pain

A D C D  
You showed me that it's really full of sun despite some rain.

Chorus and out
