© 2017 Will Stanley

E B E B  
Do you even give a damn  
E B A E  
I feel just like the invisible man  
E B E B  
I might as well not be here  
E B A E  
You're far away even when you're near  
Gbm B Gbm B  
Look at me, listen to me  
E E7  
You hardly ever speak  
Gbm B Gbm B  
No teasing, no pleasing  
A B  
You used to be so sweet

E B Dbm A  
What can I do to show you  
E B Dbm A  
That I really want to  
E B Dbm A  
Return to what we used to be  
Am  
Now I want to scream  
EBEBEBAE  
Cuz I want to see and be seen.  
EBEBEBAE  
See and be seen.

When we go to a party  
You act like you're single again  
When people look at the two of us  
They wouldn't think we were even friends  
Touch me, gently  
Even if it's make believe  
Hold me, even briefly  
Give me what I need.

What can I do to show you  
That I really want to  
Return to what we used to be  
Now I want to scream  
Cuz I want to see and be seen.  
See and be seen.

Ab Dbm B Dbm  
Mutual friends have asked if we're okay  
Db7 Gb B Gb B  
It's always awkward, I don't know what to say.

## Instrumental

Call me, your sweetie  
Thrill me to the core  
Maybe I'm just needy  
But I don't care anymore

What can I do to show you  
That I really want to  
Return to what we used to be  
Now I want to scream  
Cuz I want to see and be seen.  
See and be seen.
