

Intro: A (A^b)A

Sexy Sweet Smart

© 2016 Will Stanley

A
 She snaps her fingers as we're walking down the street
 And gives a great big smile to everyone we meet
 And it makes me realize just how lucky I must be
 B E
 To have this angel walking beside me.

She doesn't need to have a PhD
 To be magna cum laude to me
 Idiot dates genius, should be today's headline
 Cuz she's sexy, sweet, smart and she's all mine. A B A E

I never dreamed a girl with all her skills
 Would be attracted to some hick from the hills
 There's no accounting for what's befallen me
 I feel like I've just won the lottery

Now and then I have to pinch myself
 To make sure of my state of mental health
 It seems so unlikely she'd become my valentine
 Cuz she's sexy, sweet, smart and she's all mine.

D^b A^b D^b A^b
 Chutes and ladders, tiddlywinks,
 D^b A^b D^b
 I never ever won a thing
 B G^b B G^b
 Now here I am a supermodel on my arm
 B B^b E → A
 This sure beats life down on the farm.

Instrumental

Holding hands while we're taking a walk
 Every spare minute, we just talk
 Smooching and hugging, laughing out loud
 I seem to be living on a cloud

I've never had a feeling of such joy
 It's like a high school crush but pumped up on steroids
 I feel that I'm, always basking in sunshine
 Cuz she's sexy, sweet, smart and she's all mine.

I never dreamed that she'd be my valentine
 Cuz she's sexy, sweet, smart and she's all mine
 She's sexy, sweet, smart and she's all mine
 She's sexy, sweet, smart and she's all mine
