

Sexy Sweet Smart

© 2016 Will Stanley

She snaps her fingers as we're walking down the street
And gives a great big smile to everyone we meet
And it makes me realize just how lucky I must be
To have this angel walking beside me.

She doesn't need to have a PhD
To be magna cum laude to me
Idiot dates genius, should be today's headline
Cuz she's sexy, sweet, smart and she's all mine.

I never dreamed a girl with all her skills
Would be attracted to some hick from the hills
There's no accounting for what's befallen me
I feel like I've just won the lottery

Now and then I have to pinch myself
To make sure of my state of mental health
It seems so unlikely she'd become my valentine
Cuz she's sexy, sweet, smart and she's all mine.

Chutes and ladders, tiddlywinks,
I never ever won a thing
Now here I am a supermodel on my arm
This sure beats life down on the farm.

Instrumental

Holding hands while we're taking a walk
Every spare minute, we just talk
Smooching and hugging, laughing out loud
I seem to be living on a cloud

I've never had a feeling of such joy
It's like a high school crush but pumped up on steroids
I feel that I'm, always basking in sunshine
Cuz she's sexy, sweet, smart and she's all mine.

I never dreamed that she'd be my valentine
Cuz she's sexy, sweet, smart and she's all mine
She's sexy, sweet, smart and she's all mine
She's sexy, sweet, smart and she's all mine
