Time Wounds All Heels

^A You trusted me implicitly ^{Gbm} ^{A Gbm}

^A But I behaved illicitly ^{Gbm} ^{A Gbm}

^D Got no excuse, I was wrong ^E

Could only hope our love was strong enough ^D ^E ^{A Gbm}

And that your threats were just a bluff. ^D ^E ^{A Gbm}

But then you said you had to leave

You couldn't stand a man who deceives

All I could do was hang my head

When you said just how bad it always feels ^D ^E ^{Db} ^{Gb}

I guess it's true what they say ^{Bm} ^E

Time wounds all heels. ^A ^{Gbm}

^D I apologized, a thousand times ^A

But still I find, you won't change your mind. ^D ^{Gbm} ^E → ^A

I tried to show you I could reform
That my wayward ways were never the norm
You wouldn't bite, the pain was real
So filled with spite you could not conceal
I guess it's true what they say
Time wounds all heels.

It's far too late, our love is through
You're not coming back, no matter what I do.

So now I sit and hang my head
Sometimes I wish that I were dead
