

# Without A Trace

© 2018 Will Stanley

You and me, lived in harmony  
Our ideas and beliefs did not diverge  
We were of one mind, with yin and yang combined  
Our thoughts never failed to converge

It's why I loved you dear, cuz I never had to fear  
That you would think that I was way off base  
But now that you disagree, I feel like I should flee  
Without a trace.

We thought our love, was a gift from up above  
We both imagined lifelong bliss  
But then one day, your ideas went astray  
And I realized love can be dismissed

As I struggled to adjust, I realized I must  
Give you your private space  
And despite the years, love disappeared  
Without a trace.

*Bridge:* I wish I'd never started, finishing your sentences that way  
Cuz now that I'm all alone, I can't think of anything to say.

I'm sure that I, will never find  
Someone who can mirror what I think  
The way that you, shared my point of view  
And how we always were in sync

Now I approach the coming days, hoping the next phase  
Will help me to forget and erase  
Those sweet thoughts of you, cuz you'll be gone from view  
Those loving thoughts of you, now gone from view  
Those sweet thoughts of you, gone from view  
Without a trace.
